

About Total Mobility

The Total Mobility card gives access to subsidised door-to-door transport for people who have difficulty using Metlink public transport services because of a permanent disability.

The Total Mobility card is accepted by a range of transport operators across the greater Wellington region and includes wheelchair accessible services.

The Total Mobility subsidy is 50% of the total fare, up to a maximum of \$40 per trip.

Using your card

1

Contact an approved company to book your trip or hail a ride from a rank. Do not contact drivers directly

**2**

Give your card to the driver before the trip starts or you will be charged the full fare.

**3**

Pay the driver at the end of the trip.

**4**

Keep your receipt.
