Getting  
started  
guide

# Step 1

Download the Metlink OnDemand app from your app store

It's different from the regular Metlink app.

To use the app, you need a smartphone with both **mobile data** and **location services** turned on in your device settings.

If the app asks for permission to use your location while setting up your account, click **Allow**

# Step 2

Open the app

Click on  
Get Started
